TIME FOR SPRSO

Quality Time
at your fingertips

Eye-Catching Bean-To-Cup Machine

Make your moment special

If you value your coffee as much as your hospitality, you serve your guests the perfect cup of espresso or ristretto with the SPRSO. This stunning compact machine by Bravilor Bonamat delivers a coffee shop experience to every office, business environment, board room, or hospitality area.

There's coffee. And, then there's coffee. It's coffee that, if properly served, is an integral part of a complete experience - one that the consumer loves to have and the entrepreneur equally loves to offer to customers. The time you spend together is precious to you both. Literally and figuratively. Only the very best is good enough.

It is SPRSO that turns time
into quality time.

Exquisite coffee

Where and when you want it

The SPRSO (pronounced 'spresso') is our most modern designed espresso machine with thoughtful details, enhanced performance and elevated styling. It's compact in size, without any compromise to taste and performance.

You can (and should) place the SPRSO everywhere you know that exceptional quality will be valued. Consider this the little black dress or the classic blue blazer of the coffee world. The machine of the hour; comfortable in every setting.

Present quality beverages

Time after time

Build a premium coffee bar for less than you think and re-invigorate your coffee and espresso offerings. The SPRSO crafts absolutely delicious beverages, time after time. Treat yourself and your customers to Quality Time.

Savor the flavors, savor the moments

This eye-catching bean-to-cup machine serves the finest single cups of ristretto, espresso and americano. The stylish optional milk cooler allows the addition of cappuccino and latte recipes, topped off with freshly frothed milk. It's time to savor the exceptional flavors of each beverage.

Americano | Espresso | Ristretto | Cappuccino | Latte Macchiato

Ristretto	Short shot of espresso with a bolder taste profile.
Ristretto x 2	Double portion or serving of ristretto.
Espresso	A short, strong shot of coffee with a deep, rich taste.
Espresso x 2	Double portion or serving of espresso.
Lungo	Espresso 'pulled long', creating a larger cup volume.
Americano	Espresso with hot water for a milder taste and larger cup; most similar to brewed or french pressed coffee.
Cappuccino	Espresso with an even mixture of foamed and steamed fresh milk.
Latte	Espresso with steamed milk and a light layer of milk foam on top.
Latte Macchiato	Espresso is added to steamed milk with a foamy layer of milk on top.
Espresso Macchiato	Shorter drink with espresso, steamed milk and foam on top.
Hot milk foam	Milk heated and frothed.
Hot water	For any type of tea.

You select the drink volume to match your cup size and drink preferences

SPRSO

Accessories

Milk Cooler (optional)

Adding the optional milk cooler expands your drink options so the SPRSO can create rich, steamed, frothy milk based beverages. Holds up to 750ml / 25 oz. of milk. Save your team a trip to the store or cafe for a relaxing, high-quality beverage, creating a rewarding experience for everyone.

Water Filter (optional)

We recommend you add the optional water filter that improves the aroma and taste of every beverage. Place the water filter into the water tank and it removes the calcium in the water and decreases lime scale build-up, lengthening the time before the need to descale.

Patented CIRCO Brewer

Delivers traditional espresso based beverages at 9 Bar pressure, similar to high-end and premium priced espresso equipment, but at more affordable pricing.

No Coffee Waste Packaging

The SPRSO uses no filter paper or any other single use by-products other than coffee. No more wasteful, non-reuseable, non-recyclable plastic or aluminum cups or packaging.
